

March 14, 2013

Dear NeuroStar Customer,

On March 13th, PA Bio awarded Neuronetics with the 2012 Patient Impact Award. This prestigious award recognizes the significant difference NeuroStar TMS Therapy is making on the lives of patients and those who love them. PA Bio is a state trade association, representing life sciences organizations across Pennsylvania including biotechnology, pharmaceutical, diagnostic, and medical device companies as well as researchers. The press release is attached.

I want to thank all of our customers who care for depression patients every day and provide them NeuroStar TMS Therapy as a treatment option. It is your pioneering efforts that have made NeuroStar TMS Therapy available to over 11,000 patients since launch, making remission possible and bringing new hope to people with depression.

It was a true honor to accept this award and I thank you.

Regards,

Bruce Shook
President & CEO
Neuronetics

NeuroStar TMS Therapy is indicated for the treatment of MDD in adult patients who have failed to achieve satisfactory improvement from one prior antidepressant medication at or above the minimal effective dose and duration in the current episode.
